

## Hearing Aids to Suit Every Lifestyle and Budget

### ★ ★ ★ ★ ★ ULTIMATE LIFESTYLE

**Diamond (Elite) £2,995 Pair**  
**Supreme (Essential) £2,095 Pair**

**Our most advanced level - designed for those with the ultimate lifestyle!**

Whether travelling the world, working digitally – making zoom calls, being the life and soul of the party, or juggling varied noisy and quiet environments. Ground-breaking AI-powered features mean these dynamic hearing aids mimic how your brain would hear sound without any hearing impairment, giving you the closest simulation to natural hearing. They can also include features such as real-time translation (16 languages), speech-to-text and wellness tracking, with alerts to notify your emergency contacts.

### ★ ★ ★ ★ ★ PRESTIGE LIFESTYLE

**Platinum (Elite) £2,695 Pair**  
**Advanced (Essential) £1,895 Pair**

**Perfect for those who want to embrace life's adventure!**

With AI features to make the most of every opportunity life gives you, for the richest of listening experiences whether at home or in busy environments. Enjoy concerts, the theatre, work functions, or large social gatherings with ease. Enhanced AI-driven speech recognition, fall detection, and medication reminders support a prestige, connected lifestyle.

### ★ ★ ★ ★ ★ ACTIVE LIFESTYLE

**Gold (Elite) £2,295 Pair**  
**Performance (Essential) £1,695 Pair**

**For the most socially active and independent person**

who moves between quiet and busy situations. Excellent for dining out, meetings, catching up with friends in your local coffee shop, or TV watching in a household with varied sounds. This level of technology has fully automatic noise control adaptation for clarity in cars, cafés, restaurants and social gatherings.

### ★ ★ ★ ★ ★ EVERYDAY SOCIAL

**Silver (Elite) £1,795 Pair**  
**Value (Essential) £1,495 Pair**

**Ideal if you lead an independent life**

and enjoy small social occasions like coffee mornings, shopping, local community or church groups. Includes noise reduction and directionality for clearer speech in these modestly busy settings.

### ★ ★ ★ ★ ★ QUIET COMFORT

**Basic (Essential) £995 Pair**

**For those with a quieter lifestyle**

who enjoy one-to-one chats, phone calls, or TV in calm environments. Perfect if you rarely find yourself in social groups or noisy places.

### ★ ★ ★ ★ ★ ENTRY

**Entry (Essential) £795 Pair**

**Entry level,**  
programmable,  
digital technology to boost sounds.
